

# Pop! Into a Good Book Token Talk Protocol

1. Each person in the group will get **THREE** tokens.
2. Each token stands for a different thing:
  - a. **Share a new idea**
  - b. **Add on to someone else's idea**
  - c. **Ask someone in the group a question**
3. Each time a student speaks, they must put the appropriate token down in the center of the table.
4. When a student runs out of tokens, they cannot speak.
5. When **ALL** tokens have been spent, everyone takes their tokens back and the process starts again.
